

Fox Cable **News**

Dictation of Hate, preaching racism

Jan 6th 2021, Laura Ingraham tweet to Mark Meadows,

“This is hurting all of us.” Lambasting Trump’s actions, “He is destroying his legacy and playing into every stereotype. **We lose all credibility against the BLM/Antifa crowd** if things go south.”

Justice for Brian Sicknick and Ashli Babbitt, book 3

In the Washington Mafia and the Correction, I wrote about how Fox News preach hate on anyone who disagrees with Donald Trump. Laura’s tweet to Meadows is the admission of hate against Black people. This is not freedom of the press. They celebrated Kyle Rittenhouse’s murders in Kenosha Wisconsin because Kyle did what they wanted him to do, murder people. Fox News has long past anything in the conservative free press. The shootings at the grocery market in New York, the July 4, 2022, shooting should be investigated as a direct dictation of what Fox News anchors preach. Kyle Rittenhouse murdered people in the street because they were BLM protestors. Kyle hates the people protesting because Fox News anchors told him to hate. If Fox News said nothing about BLM, Kyle Rittenhouse would not have gone to Kenosha Wisconsin to murder people at a BLM protest. This is the ‘brain washing’ of individuals that I wrote about. Laura admitted to it in her tweet to Meadows. With that tweet and Donald Trump’s accolades to Rittenhouse, Trump is also a racist murderer. Laura included Donald Trump when she tweeted, “We lose..”

If you are a sponsor on Fox News, you have to know that you are sponsoring a racist news station. People will boycott your products for sponsoring racism.

Kenosha law enforcement should charge the anchors and the station with the murder charges. Any lawyers for the people who died, now have cause to sue the Fox News Station and the anchors separately for murders. The Laura Ingraham tweet to Meadows is the biggest news. What she tweeted to Meadows about BLM and Antifa is evidence of Fox News and Trump being racist against black people. It is further evidence that they told Kyle Rittenhouse to kill people. That's why they gave him the royalty treatment. Trump said, "He's a fine young man." Because Kyle murdered people for Trump and Fox News. That's hate conspiracy against black people.

At the grocery store where the person shot multiple black people. If the person listened to Fox News, Fox News shall be viewed as conspirators to murder at the grocery store.

Fox News has the freedom of the press. It does not have the freedom to conspire people to murder other people.

All other racially motivated murders should be considered to be sourced by Fox News the Trump loving media outlets, and Donald Trump. The July 4 murderer. If he is a fan of Fox news, those murders should be looked at as influenced by Fox News. The Uvalda in Texas shootings should be viewed as ignited by Fox. Trump is a hater of Mexican people. He wanted to blow up Mexico. Trump introduced his presidency by coming down an escalator in his hotel and making negative statements against Mexicans.

Donald Trump said, "the people that entered the Capitol were angry because of a stolen election." this is more evidence of President Trump and Fox News's guilt of the murders at the Capitol. Trump and Fox News preached the hate. The people that entered Capitol were fed the anger. This is the admission of guilt by Donald Trump, to multiple counts of murder at the Capitol.

If I get to address Congress. Ashli wants to know if Congresswoman Elizabeth Cheney would like to be addressed as 'cool chick' or 'awesome broad'. Cheney, Congresswoman Nancy Pelosi, and Michigan governor Gretchen Whitmer escaped Donald Trump's murder. Ashli Babbitt was murdered by President Donald Trump

Don't have Joe Biden involved with releasing Brittany Griner. Any inquiry from Biden will be denied by Putin. Putin will increase penalties against Griner, when he knows Biden will benefit from Griners release. If Putin knows Joe Biden wants a cup of sugar, Putin will fill a dump truck with sugar, dip a cup in it, then dump the cup and the whole truck in the ocean, with a smile. Henry Kissinger is the person to handle the release of prisoners.

The abortion rights groups can revel in the knowledge that Donald Trump was running his organized crime family while he was president. Therefore **an organized crime boss cannot install any judges. The Judges he swore in to the Supreme Court are not valid.** The organized crime boss cannot issue pardons. Therefore the pardons that the organized crime boss, President Donald Trump, are not valid.

President Donald Trump owned the SCOTUS, the congress, the senate, the inspector generals, when he was the president. That's why no one arrested him for the murders of Brian Sicknick and Ashli Babbitt.

SCOTUS cannot rule on anything because 3 of the members are installed by President Donald Trump, the crime boss of The Washington Mafia.

Donald Trump is still running his drug smuggling operation through Texas. Governor Gregg Abbott and Attorney General Ken Paxton are running the drugs through Texas. This is from Trump stealing the money from the United States to fund the border wall. The truck traffic has been running drugs and Abbott and Paxton have been shipping drugs with the migrants into Washington. A simple plan. I think Steve Bannon and Roger Stone are the main drug runners. Anyone pardoned by President Donald Trump, the organized crime boss, are not pardoned now. On organized crime boss can't pardon anyone.

President Donald Trump's wanted everyone that stormed the Capitol, kill everyone in the Capitol. Donald Trump is a loser. Donald Trump lost all the money given to him by his daddy. President Trump didn't need any one on Jan 6th. He could have walked into the Capitol by himself.

Let me paint a picture of the President of the United States walking in the Capitol.

Trump, "Good morning Officer Sicknick"

Brian would stand by the opened door, "Good morning Mr President."

Trump, "The B is for?"

"Brian, sir."

Trump, "Brian, you a Redskins fan?"

Brian Sicknick, "Well sir, I like them, but they're not the Redskins anymore. They're the Washington Football team."

"Why did they take away the name?"

"Well sir. I believe it was an insult to American Indians."

"Really?"

"Yes Mr. President. Me and the guys would be flattered to have a NFL team named after us.

Trump, "What name?"

"The Washington Capitol Police."

Trump, "Sounds good. What about the Nationals? You like baseball?"

Brian, "Yeah. I like the Nationals"

Trump, "I'll tell you what. To show our appreciation for the Capitol Police, I'll get you and the whole department tickets for a game."

Brian, "That would be very kind of you Mr President."

Trump, "It's just a small appreciation token for all of you. Call the press secretary Kayleigh McEnany to get the tickets."

Brian, "The blond chick?"

Trump, "Excuse me?"

Brian, "The blonde in the White House."

Trump, laughing, "Yes. Right. The blond chick. Give her a call ."

Brian, "Thank you Mr. President."

Trump, "Thank you Officer Brian Sicknick." Trump walks away laughing, "Blond chick."

Brian is outside and gets on the phone singing **Blondie's song, 'Hanging on the telephone.'**

"Blondie. The president said to get me tickets to the game. I on the phone to get the time and the date. Now I'm hanging on the telephone. I'm hanging on the telephone."

Back inside the Capitol;

President Trump walks through the Capitol greeting everybody. "Good morning."

He gets return greetings. "Good morning Mr. President."

Trump, "Hey, Senator Romney."

Mitt Romney, "Mr President."

Trump, "you know, you owe me \$40 bucks. The Wizards won that game." Trump looks at the girl walking by, "Congresswoman Ocasio- Cortez. I want to ask you about that legislation you introduced last week...GREAT ASS..OOAhh."

AOC, "Mr. President, I'll thank you not to comment on my ass until I've had 3 brandies."

Trump, "What? It's a compliment."

AOC, "You're old."

Trump "Joe Biden is older than me."

AOC, "Yes. And if Joe Biden comments on my ass, I want 4 brandies," She gets close to Trump and quietly says, "Mr. President, I'm going in the chambers. We're going to add the electoral votes of Arizona, Pennsylvania, Georgia, and Nevada."

Trump, "No those votes are mine. I won those states."

AOC, "No. You didn't. You lost. So stop staring at my ass." AOC will do her imitation of Elaine Bettis shouting at the soup Nazi, "You know what Trump, NO VIEW FOR YOU...X't"

Trump looks at Romney, "So about that \$40 bucks."

Romney, "You're right. I'll write you a check."

Trump, "Oh no. I'm not taking a check from a Republican. Cash only. Tomorrow, give the \$80 to my press secretary."

Romney, "It's \$40... wait, you want me to give \$80 cash to the press secretary?"

Trump, "Yes."

Romney, "Huckabee?"

Trump, "no. she's not here anymore. The other one."

Romney, "Huckabee Sanders?"

Trump, "No. Not her. The.. the blonde chick."

Romney, "McEnany."

Trump continues through the Capitol greeting everyone. Everyone greets him.

When Trump gets to the door to Congress, Ashli Babbitt is calling her mom. Ashli is still in Spring Lakes California, where she lives.

There's an officer to open the door, "Good morning Mr. President."

Trump, "I'm going in."

Officer, "Yes. Mr. President. Oh Mr. President. You should have asked Chris Farley about the ballots."

Trump, "Who's Chris Farley?"

Officer, "Chris Farley lived for a long time, in a van down by the river."

The officer opens the door and Trump walks in the session of Congress,

Trump, "Hey. Wait a minute. I disagree."

The session of Congress stops. Officer Brian Sicknick is still patrolling the peaceful Capitol grounds. Ashli is sharing baking recipes on the phone with her mom.

That's all President Trump had to do. Stop the conversation in Congress. If that didn't work, Congressman Kevin McCarthy, Senator Lindsey Graham, and Senator Rand Paul, would have come in the chambers with the President. They have senate and congressional pins on them. They can enter all the buildings in Washington DC.

If the Congress continued with the transition of power, Trump could have said, "If you don't stop, I will moon you." President Donald Trump could have pulled down his pants and mooned Congress. McCarthy, Graham, and Rand Paul, would lick his naked ass. They do it every day anyway. That would have not only stopped the transition process, the Congress would have gotten violently sick, and left the building. They would not have come back for weeks.

McCarthy, Rand Paul, and Graham, would have received the daily licking of Trump's ass.

My offer stands to Kevin chicken ass man McCarthy. An 8X10 storage shed from Home Depot. I will drop it in the steps of Mongolia. You can take your dearest Trump loyalist friends with you. In the middle of the night you'll be awoken by Genghis Khan. You'll have to stand at attention while he examines you. Khan will walk around you guys with his machete, "You guys kiss the ass of the dumb spoiled brat?" Then he'll put the machete to McCarthy's chin. "ha ha ha."

Ashli would have scheduled a shopping date with mom. Brian would have been celebrating getting tickets with the rest of the Capitol Police.

To all the people that came to the Capitol on Jan 6th, President Donald Trump set you up. Everyone is getting charged with crimes. Donald Trump is not helping anyone with their prosecutions. Donald Trump is not helping anyone financially with any of the penalties. If you entered the Capitol and killed anyone in the Capitol, you would be facing murder charges. You would be in a prison for life. The cameras were on you the whole time. The crimes are being charged. You would be convicted of murder of a person you don't know. Donald Trump doesn't care about anyone that is being prosecuted. Donald Trump wouldn't care about you being in prison for life. You and your family would suffer greatly. Your life would be nothing. Donald Trump doesn't care about your life. He doesn't care about the people getting prosecuted now. When President Donald Trump made the call for you to come to the Capitol. When President Donald Trump and the Capitol Killer 12 told you to 'march to the Capitol', he was setting you up to kill and be killed. And if you survived, you're in prison for life. Donald Trump and the people around Donald Trump are still glorifying Donald Trump. Donald Trump is still dancing on stages at his rallies to worship Donald Trump.

If President Donald Trump didn't want any violence. If President didn't want anyone to get hurt, he could have had his supporters show up with water pistols, super soakers, and water balloons. Everyone would have gotten wet. President Donald Trump's intent was to kill and be killed. If the secret service didn't take him back to the west wing, Trump's intent was to open the doors in the Capitol to have all the angry people kill everyone in the Capitol. President Trump realized he could give all the people he angered complete access to murder everyone who disagreed with him. To murder everyone that was going to expose him as a loser. Once the cover of Presidency is not there, Trump's criminal activity will get him charged and indicted on crimes. Not being President, Trump has no money. `

The truth is, Donald Trump isn't rich. Trump has no money. After he pays his debts, his net worth will be nothing. That's why he's does these rallies. People give him money for nothing. That's how he lives, by people giving him money. Trump can't earn money. Trump isn't worth anything. To keep the façade of being wealthy, Trump dances on stage, tells people he's running for president, and continues having people glorify Donald Trump.

The Washington football team, 'The Commander's' is weak. The NFL should recognize the Capitol Police as the defense of our country. Naming the Washington Capitol Police is the strongest name they could have. The Capitol Policemen demonstrated what defense is.

Everyone in this Nation needs to write letters to the FBI, attorney general Merrick Garland, and the Washington law enforcement. Included in the letters, the people on the stage on Jan 6th, the Capitol Killer 12 and Donald Trump, must be charged and arrested on 2 counts of first degree murder. They must charge Donald Trump on using the Presidency of the United States for starting his organized crime family, the Washington Mafia. When these charges are addressed, all the pardons President Trump issues shall be invalid. All the judges that the president appointed shall be invalid. Everyone in this

Nation must vote against all Trump backed politicians. The FBI and the Texas law enforcement must stop the Trump border wall.

Fox News must be recognized as a racist programming station. Kenosha Law enforcement must investigate Fox News as accessory to commit murder, in connection with the Kyle Rittenhouse murders. Fox News and Donald Trump shall be investigated as conspirators of all the crimes against people of color. They shall be viewed as influential racial extremist.

The FBI must look into the drug smuggling operation and its origination. I believe its origination is Steve Bannon and Roger Stone. When their pardons are relinquished, the arrest and inquiries can begin.

A note about Doctor Anthony Fauci. President Trump can't have anyone smart on his staff. The doctor is too smart. Trump can't have a professional in front of him. That will prove that President Donald Trump is an idiot. Senator Rand Paul spends all his time trying desperately to discredit Fauci. That's Rand Paul's job in the Washington Mafia. Trump hired Scott Atlas for the same reason. Trump needed to show that Scott Atlas is smarter than Fauci. Joseph Stalin murdered all the Soviet generals because he didn't want people to know Stalin's true identity. Trump is the same. Rand Paul knows Trump is stupid, but he has to discredit Fauci because Rand Paul is in love with Donald Trump.

July 4, 2022, at Los Cerritos Park, Long Beach CA. I'm watching my friend's band. More thoughts on what we have to do;

'We have to address congress. Ashli "We'll be good. I don't want to get shot again."

X has a song 'White Girl'. I have to rewrite it for Ashli; "Dead Girl"

she's shot

I got shot

she fell out of the doorway

I got shot

I'm not cleaning blood off the floor. Give that job to the guy behind the door.

She's shot

I got shot.

a bullet from a handgun.

I moved in with a Long Beach guy, And left behind the pool supply

When you get shot, part of your heart, starts to tear away. I couldn't wait, Incited by hate. My life ended that day.

She's a dead girl

I'm living with a dead girl

I'm a dead girl

Now, I'm living with a dead girl

I have a correction to make on the sentencing of the termites at Fox News. Kayleigh McEnany don't do what I said. You didn't read what I said. You only know me as a person who has written about your inability to do a job. I don't want to be responsible for Kayleigh getting on the Trump Hate Klan list, THK.

If something were to happen, similar like accidentally falling down the staircase in her home. And the fall causing blunt force trauma. Don't do anything I say. Carry on with whatever you do.

Donald Trump will kill anyone to get money. Trump cares only about money in his pocket. A thorough investigation should go into the person that accidentally fell down her home stairs. What is in the last will and testament? The children get money. Trump will say he made the person rich. Donald Trump will persuade the children to give Donald Trump money.

Martin Luther King had a dream. John Lennon sings, "You may say I'm a dreamer. I'm not the only one." I have to share our dream.

Everyone's *dream*;

All people residing today on earth, this is your dream:

In the year 2194, 10 year old Debbie Miller is in class, "Teacher. This book says, 'people used to kill people'.

"yes Debbie. That's true.

"Why?"

"People made up excuses and reasons to kill people."

Debbie's reply, "That's stupid".

This is our obligation, today;

**Every person will not be on either side of an object designed to take a
life.**

This is everyone's dream. We want to author the book. It's going to happen anyway. We, the people residing in the world in 2022, will be the authors. Why let the people in 2110 take the credit. We author the book. In the year 2680, people will read it. We will always be recognized as the people who shared the *dream*.

WE SHALL ALWAYS BE AT PEACE

With great love and respect for all life,

United States Military Ashli
